

Agenda

Year 4 Annual PIRE Meeting
Durham, North Carolina
June 18-19, 2008

Wednesday, June 18

1:30 pm Welcome, State of the Project, and Overview of the PIRE Meeting
 Objectives – Jerry Johnson

Research Reports – Research reports should be concise. Please focus on two elements: (1) Where collections have been made for PIRE focal species and where we might still need/want to sample, and what is the state of the molecular data collection for each focal species; and (2) what major findings have been discovered for single species phylogeography and morphometrics in a geographic context, and how these data might be now used in a comparative framework by combining data across multiple taxa. If necessary, please take some time with your taxonomic team during the NESCent meeting to discuss these items.

Herp Research Reports and Sampling Summaries

1:45 pm Sites, Morando, Victoriano, and Nuñez

3:00 pm break

Fish Research Reports and Sampling Summaries

3:15 pm Cussac, Habit, Ortí, Walde, Ruzzante, and Johnson

Crab Research Reports and Sampling Summaries

4:30 am Crandall and Jara

Adjourn around 5 to 5:30 pm

Thursday, June 19

Remember to check out of the hotel and bring your bags with you to the NESCent Facility.

- 8:25 am Welcome and overview of Thursday topics – Jerry Johnson
- Plant Research Reports and Sampling Summaries*
- 8:30 am Johnson, Sérsic, and Cocucci
- 9:30 am Summary of NSF ‘Reverse Site Visit’ Review of our PIRE – Jerry Johnson
- 9:40 am Budget Summary and Year 4 Budget Overview & Discussion – *State of Year 3 funds; budget available for Year 4?* - Jerry Johnson
- 9:50 am Possible update to PIRE Committee Structure / Organizational Framework – Group Discussion led by Jerry Johnson
- 10:00 am break
- 10:15 am Year 4 Field Work Coordination & Planning – Group Discussion led by Jack Sites (Field Logistics Committee Chair)
- 10:45 am Year 4 Educational Program Planning – Jerry Johnson (Education Committee Chair)
- 11:15 am Comparative phylogeography: Data analysis and comparative phylogeography analysis and publications – Keith Crandall (Research Design, Analysis, and Publications Committee Chair)
- 12:00 pm Lunch
- 1:20 pm Committee Breakout #1 (*Please remember to assign a scribe to summarize your discussion, recommendations, plans, and action items*)
- 1:50 pm Committee Breakout #2 (*Please remember to assign a scribe to summarize your discussion, recommendations, plans, and action items*)
- 2:20 pm Committee Summaries and Recommendations
- 2:55 pm Feedback from Project Advisor Chris Simon based on meeting discussion, etc.
- 3:10 pm Reminder to put together information for NSF Annual Report / Miscellaneous Discussion Items
- 3:15 pm Adjourn
- 3:30 pm Shuttle Departure to Airport
